

Taste the "chic" and "luxury" of Kagoshima at Karen

Shabu Shabu

Try shabu shabu for an experience of true meat flavor. When the finely sliced meat is heated, the aroma and sweetness flows throughout your mouth.

Steak

The rich flavor and melt-in-your-mouth texture of the steak will treat your tastebuds with mild and rich juices. The sigh-inducingly beautiful marbling of Kagoshima Wagyu is a must-see.

Seiro-mushi

We recommend the Seiro-mushi steamed pork and beef the first time trying Kagoshima Wagyu and Kagoshima Kurobuta. The meat, with just the right amount of fat removed, melts in the mouth with a soft texture.

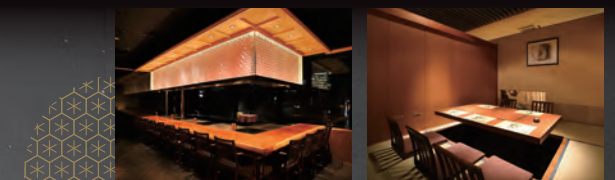

Sukiyaki

Sukiyaki is for those who wish to enjoy the flavor of tender meat and fine fat. The soup stock is excellent and carefully prepared to match the meat.

Enjoy a moment of elegance in a spacious room.
